

PERMANENT MAKEUP

Consultation Checklist

FOR TECHNICIAN USE ONLY

1. PRE-PROCEDURE EDUCATION

- Make sure client is aware PMU is a form of tattoo
- Discuss healing stages (dark-light-final)
- Inform client of potential touch up needs
- Go over main aftercare instructions like; No Water, No Sweating, No Sun/Steam for 10 days, No Picking Scabs etc. Going on vacation soon?
- Ensure client understands realistic expectations 30-40% fading is expected during healing
- Review medical history (make sure of **NO contraindications**)

2. SKIN ASSESMENT

- Skin Type: Normal / Oily / Dry / Combination
- Determine Fitzpatrick Skin Tone (I-VI)
- Is the skin in or around the brows bumpy, excessively dry/oily, flaky, acne, etc?
- Signs of sun damage?
- Do they have any old scars or old piercing hole on any brows?

3. BROW GOALS & PREFERENCES

- Does the client wear makeup everyday?
- Do they fill in their brows daily? If so, what do they use?
- What color is used to fill in?(Dark Brown, Med Brown etc.)
- Do they like the thickness of their brows or want to go thicker/thinner?
- Natural vs. Defined look preference
- Example photos of how they fill brows in & example photos of what they like

4. POST-PROCEDURE

- Aftercare Instructions review
- After Photos Taken (Eyes open & closed)
- Schedule Touch Up 6-8 weeks
